We've Got You Covered

The advertisement features a woman in a green top giving two thumbs up in front of a silver car. To her right are three green circular stamps, each containing the word 'APPROVED' in a stylized font.

How it works!

- As a member, you will receive full instructions and example adverts, you simply run these on your social media platforms, legally and no experience needed.
- This will generate a “Reply” or “Enquiry”
- That’s as far as you need to go!
- You simply return a message asking them to forward their contact details and you will get a member of the team to contact them to assist with their enquiry.
- They will then send you their contact details, which you then email to us!

Your job is now complete!

We then take over the enquiry! We deal with everything else for you...

We keep you updated on all your applications on a weekly basis and notify you of all your completions, turn downs or, even if the customer changes their mind.

We then pay commissions out weekly on accepted and completed loans.

We will look after you to make sure your happy and help in anyway to ensure your success!

Commissions:

- Commissions are paid out weekly
- Reports are sent out weekly
- We pay 70% commissions on all loans accepted & completed
- If we receive £1000.00 commission, we pay you £700.00
- Our commission structure is excellent & quick

Good or Bad Credit:

We like to approve everyone but obviously this cannot be promised.

Our lenders, all have different criteria's, so between them, we have the best chance of passing your customers and paying you your commissions!

It's simply a numbers game, the more enquiries you send us, the more will be accepted and the more commissions you will earn. Just 1 small loan a week, can give you an additional weekly wage, imagine if you did a few in a month? An average £10,000 loan can pay you £500.00 or even more subject to interest rates (APR's), etc!

Even with bad credit, we consider all circumstances. We have lenders that will not even credit score, they will base their decision on the customers ability to pay and not their previous issues!
